

Trees That Count is thrilled to be the official charity partner of the ASB Christchurch Marathon

MAKE YOUR MARATHON COUNT: RUN FOR NATIVE TREES!

You don't have to be a fitness buff to make a difference! Run or walk a full, half, or 10km: and create a tree registry with Trees That Count. For every \$10 you raise, a native tree gets planted in Canterbury.

1 Create a Tree Registry on our website

2 Share your registry

3 Family, friends or customers donate \$ for native trees

4 Your trees are given free to planters who get them in the ground

5 We'll let you and your donors know where your trees are planted

6 Celebrate! More native trees in the ground thanks to you

IT'S EASY TO CREATE A TREE REGISTRY:

1. **Register** with Trees That Count here: <https://grow.treesthatcount.co.nz/register>
2. Once you're signed in, head here to **make your personal registry page**: <https://grow.treesthatcount.co.nz/dashboard/registries/new>
3. Make sure you include **'Christchurch Marathon'** in your registry name!
4. Use the **'description'** field to tell your supporters a little about why you're running, and why you're backing Trees That Count
5. **Upload an image**: one of you running is best!
6. Make sure private is marked **'off'**
7. Select **'Canterbury'** as your planting region
